RE: Dredge construction

Remarks:

Revised quote.

Chip

*I am going to be out of town
Saturday. Can't make the meeting.*

*If you will let the guys look over
the specs to see what everyone thinks*

Thanks Troy

Mr. Troy Williams
City of Mexico Beach
P.O. Box 13425
Mexico Beach, Florida

We are pleased to quote the following:

Furnish, complete, (ready to operate), (1) one 8"x10", High Head suction dredge.
Specifications as follows:

New hull: 16'x40'x4'x1/4", A-36 steel, (3/8" on each end).

New dredge pump, belt driven, Thomas Simplicity, H30, 8"x10".

Suction side of pump, (close to pump) has an 8" cleanout and a 2" valve with king nipple.

New seal water pump.

Engine: Reconditioned V-871 with 0 hours.

Cooling system: Closed system with heat exchanger.

P.T.O., clutch on engine for pump drive.

1 Wench upfront and center for ladder.

(2) two 10"x25' steel spuds (gantry lifted).

(2) two hydraulic spud cylinders, reconditioned.

4" A Frame for ladder.

1, 10"x25' dredge suction pipe with a 45 degree elbow with another 4' of pipe with grate.

Fuel tank: Approximately 600 gallon capacity, not part of hull.

Hydraulic tank: 40 gallon capacity, with return line filter.

Heat exchanger for cooling of hydraulic fluid.

Hull painted inside and outside, black coal tar epoxy on outside.

Cab: steel with all gauges and controls, doors on both sides, 110 volt A/C unit.

Engine compartment covered steel with removable top.

Hoist on back by discharge to help connect hose to dredge.

Warranty: One year on everything with the exception of abuse.

Total delivered to Mexico Beach, ready to work: \$191,300.00.

Approximately 10 to 12 weeks for delivery after notice to proceed.

Jesse A. Newell
